	TREES								
	<i>Abies grandis</i>	Fir, Grand	100-250 ft	40 ft	Sun, Part-shade, Shade	Moist, Seasonally Wet		Large, evergreen conifer with flat needles. The common name refers to the large size of mature trees, one of the tallest of the firs.	https://oregonflora.org/taxa/garden.php?taxon=2380
	<i>Acer circinatum</i>	Maple, Vine	10-15 ft tall, multi-trunks	15-30 ft, arching form	Shade	Moist	Spring, red & white clusters	Small deciduous tree that typically grows in the understory. Features bright red and white flowers in the spring, as well as showy red, orange and yellow foliage in the fall.	https://oregonflora.org/taxa/garden.php?taxon=2400
	<i>Acer macrophyllum</i>	Maple, Big leaf	50-100 ft	70 ft	Sun, Part-shade	Dry, Moist, Seasonally Wet	Spring, lowers are yellow	Large, long-living, deciduous tree with round shape and the largest leaves of any maple. Foliage yellow to gold or brown in fall.	https://oregonflora.org/taxa/garden.php?taxon=2404
N/A	<i>Alnus rhombifolia</i>	Alder, White	50-80 ft	40 ft	Sun, Part-shade	Moist, Seasonally Wet	Spring, catkins	Medium-sized deciduous tree. Fast-growing and relatively short-lived compared to other native trees.	https://oregonflora.org/taxa/garden.php?taxon=2660
	<i>Alnus rubra</i>	Alder, Red	40-50 ft	40-50 ft	Sun, Part-shade	Moist	Spring, cylindrical reddish-orange catkins	Fast-growing deciduous tree well-suited for disturbed and infertile soils. Bark color is varied from white to gray.	https://oregonflora.org/taxa/garden.php?taxon=2662
N/A	<i>Arbutus menziesii</i>	Madrone, Pacific	20-65 ft	20-65 ft	Sun	Dry	Spring, pink	Broad Leaved evergreen tree. Bark Smooth and red to reddish brown and exfoliating.	https://oregonflora.org/taxa/garden.php?taxon=2877
N/A	<i>Calocedrus decurrens</i>	Cedar, Incense	70-110 ft	30 ft	Sun, Part-shade	Dry		Evergreen conifer that is narrow columnar. Bark is bright cinnamon-red.	https://oregonflora.org/taxa/garden.php?taxon=3499
	<i>Cornus nuttallii</i>	Dogwood, Pacific	30-40 ft	10-25 ft	Part-shade	Moist	Spring, showy white bract	Broadleaf deciduous tree naturally found in partly shaded locations, growing as understory trees. In spring, large white bracts, often mistaken for petals, are bright and beautiful.	https://oregonflora.org/taxa/garden.php?taxon=4268
	<i>Crataegus douglasii</i>	Hawthorn, Black (Douglas)	20-40 ft	6-10 ft	Sun, Part-shade	Moist	Spring, white	Deciduous tree, but may be shrubby and spread into wide thickets. Branches armed with thorns.	https://oregonflora.org/taxa/garden.php?taxon=4321
	<i>Frangula (Rhamnus) purshiana</i>	Cascara (Chittam)	30-50 ft	20 ft	Part-shade, Shade	Moist, Seasonally Wet	Spring, white	Deciduous tree with dark green, glossy leaves and purplish-black fruit.	https://oregonflora.org/taxa/garden.php?taxon=7840
	<i>Fraxinus latifolia</i>	Ash, Oregon	70 ft	25 ft	Sun, Part-shade	Moist, Seasonally Wet	Spring, yellow/green	Broadleaf deciduous tree with 5-9 ovate leaflets that turn strikingly yellow in the fall.	https://oregonflora.org/taxa/garden.php?taxon=5214
	<i>Malus fusca</i>	Crabapple, Western (Oregon)	30 ft	20 ft	Sun, Part-shade	Moist, Seasonally Wet	Spring, pinkish white	Deciduous thicket-forming shrub or small tree, often with several trunks. Produces sour fruit that provides fall color. Not recommended around livestock.	https://oregonflora.org/taxa/garden.php?taxon=6461
N/A	<i>Picea sitchensis</i>	Spruce, Sitka	125-180 ft	50 ft	Sun	Moist, Wet		Large evergreen conifer with stiff, sharp needles on all sides of stem.	https://oregonflora.org/taxa/garden.php?taxon=7286
N/A	<i>Pinus monticola</i>	Pine, Mountain	80-100 ft	25 ft	Sun	Moist		Evergreen conifer with longer, blue-green needles that are fine-textured.	https://oregonflora.org/taxa/index.php?taxon=7306
N/A	<i>Pinus ponderosa</i>	Pine, Valley Ponderosa	150-200 ft	25-30 ft	Sun	Dry		Evergreen conifer that lives 300-600 years. Its straight trunk is typically without branches on its lower end. Needles are 4-11 inches long.	https://oregonflora.org/taxa/garden.php?taxon=7309
	<i>Populus trichocarpa</i>	Cottonwood, Black	150-175 ft	40 ft	Sun	Dry, Moist, Seasonally Wet	Spring, catkins	Fast growing deciduous tree with glossy leaves. Tufts of silky hairs (i.e., cotton) easily blown by the wind.	https://oregonflora.org/taxa/garden.php?taxon=7570
	<i>Prunus emarginata</i>	Cherry, Bitter	5-50 ft	20 ft	Sun, Part-shade	Moist	Spring, white	A native, deciduous shrub, 4-12 feet high, or sometimes a small tree up to 50 feet high. Can send shoots. TOXIC TO LIVESTOCK	https://oregonflora.org/taxa/garden.php?taxon=7679

Availability	Scientific Name	Common Name	Height	Width	Light	Water	Flower	Characteristics	Link (OregonFlora)
N/A	<i>Prunus virginiana</i>	Chokecherry	12-40 ft	10-20 ft	Sun, Part-shade	Dry, Moist, Seasonally Wet	Spring, white	Deciduous, thicket-forming shrub or small tree. Aromatic flowers that produce edible fruit. POISONOUS TO GOATS, CATTLE AND SHEEP IF CONSUMED IN LARGE QUANTITIES	https://oregonflora.org/taxa/garden.php?taxon=7687
	<i>Pseudotsuga menziesii</i>	Fir, Douglas	80-200 ft	30 ft	Sun, Part-shade	Dry, Moist, Seasonally Wet		Evergreen conifer that is the second largest conifer in the world. Has a noticeable resinous scent.	https://oregonflora.org/taxa/garden.php?taxon=7702
	<i>Quercus garryana</i>	Oak, Oregon White	25-90 ft	30-60 ft	Sun	Dry, Moist	Spring, catkins	Deciduous tree that is broad spreading, with rounded crown. Its rugged, heavy ascending, crooked branches are often shrubby when young (less than 25 years).	https://oregonflora.org/taxa/garden.php?taxon=7771
N/A	<i>Salix scouleriana</i>	Willow, Scouler's	6-40 ft	15-20 ft	Sun, Part-shade	Moist	Spring, catkins	Tall, spindly, multi-stemmed deciduous shrub or tree. Twigs densely velvety.	https://oregonflora.org/taxa/garden.php?taxon=8093
N/A	<i>Salix lucida</i>	Willow, Pacific	40 ft	10 ft	Sun, Part-shade	Moist	Spring, catkins	Tall, slender deciduous shrub or tree with yellow glossy twigs and long, narrow leaves. Grows well in very wet soil.	https://oregonflora.org/taxa/garden.php?taxon=8086
N/A	<i>Salix sitchensis</i>	Willow, Sitka	3-25 ft	10-15 ft	Sun, Part-shade	Moist	Spring, catkins	Small deciduous multi-stemmed shrub or tree with dark brown to grey branches.	https://oregonflora.org/taxa/garden.php?taxon=8095
	<i>Sequoia sempervirens</i>	Coast Redwood	50-125 ft	30-60 ft	Sun, Part-shade, Shade	Moist		Fast growing dense conical evergreen that does well in woodland and coastal gardens. Reddish-brown bark.	https://oregonflora.org/taxa/index.php?taxon=8358
	<i>Thuja plicata</i>	Red Cedar, Western	50-200 ft	30-40 ft	Sun, Part-shade	Moist, Seasonally Wet		Large evergreen conifer with arching branches and flattened, fan-shaped sprays.	https://oregonflora.org/taxa/garden.php?taxon=8796
N/A	<i>Tsuga heterophylla</i>	Hemlock, Western	60-200 ft	30-40 ft	Sun, Part-shade, Shade	Dry, Moist		Large evergreen conifer with flat, short, stalked needles of unequal length.	https://oregonflora.org/taxa/garden.php?taxon=8974
	SHRUBS								
	<i>Amelanchier alnifolia</i>	Serviceberry, Western (Saskatoon)	15-30 ft	10-20 ft	Sun, Part-shade	Dry, Moist, Seasonally Wet	Spring, white	Deciduous shrub or small tree with spreading-erect habit. Delicate oval leaves give the best autumn color in sunny sites. Dark blue edible berries.	https://oregonflora.org/taxa/index.php?taxon=12032
	<i>Arctostaphylos uva-ursi</i>	Kinnikinnick	6-12 in	3-6 ft	Sun, Part-shade	Dry, Moist	Spring, white-tinged pink	Showy evergreen ground cover with thick small leaves and non-edible red berries.	https://oregonflora.org/taxa/garden.php?taxon=2907
N/A	<i>Baccharis pilularis</i>	Coyote bush	2 ft	6 ft	Sun	Dry	Spring, yellow or white	Broadleaf evergreen shrub that is mat-forming and drought resistant. Can be sheared.	https://oregonflora.org/taxa/garden.php?taxon=3212
	<i>Berberis (Mahonia) aquifolium</i>	Oregon Grape, Tall	3-10 ft	2-8 ft	Sun, Part-shade	Dry, Moist	Spring, yellow	Evergreen shrub with shiny, leathery leaves and attractive yellow flowers with tart, edible berries. State flower of Oregon.	https://oregonflora.org/taxa/garden.php?taxon=3249
	<i>Berberis (Mahonia) nervosa</i>	Oregon Grape, Dull	2 ft	3 ft	Sun, Part-shade	Dry, Moist	Spring, yellow	Evergreen shrub or tall ground cover that is slow growing with dull, bristle-toothed leaves that may show purple in the winter. Edible berries.	https://oregonflora.org/taxa/garden.php?taxon=3252
N/A	<i>Berberis (Mahonia) repens</i>	Oregon Grape, Creeping	1-3 ft	4 ft	Sun, Part-shade	Dry, Moist	Spring, yellow	Evergreen shrub or tall ground cover that has spine-toothed, blue-green, broad leaves that are bronzy in the winter. Black edible berries.	https://oregonflora.org/taxa/garden.php?taxon=3256
N/A	<i>Ceanothus sanguineus</i>	Ceanothus, Red Stem	3-10 ft	3-10 ft	Sun, Part-shade	Dry, Moist	?, white-pink	Deciduous shrub with tall, loosely branched stems and small, dark green leaves. Red/purplish branches stand out in fall and winter.	https://oregonflora.org/taxa/garden.php?taxon=3917
	<i>Ceanothus thyrsiflorus</i>	Ceanothus, Blueblossom	4-12 ft	4-12 ft	Sun, Part-shade	Dry	Spring, blue	Broadleaf evergreen shrub with tiny, shiny leaves and beautiful blue blossoms.	https://oregonflora.org/taxa/garden.php?taxon=3918
	<i>Ceanothus velutinus</i>	Ceanothus, Snowbrush	8-10 ft	8 ft	Sun, Part-shade	Dry?	Summer, white	Evergreen shrub that is thicket-forming and can create a privacy screen.	https://oregonflora.org/taxa/garden.php?taxon=3919
	<i>Cornus sericea</i>	Dogwood, Red Osier	15 ft	6-9 ft	Sun, Part-shade	Moist, Wet	Spring-Summer,	Broadleaf deciduous shrub, often planted for the red coloring of its twigs in the dormant season.	https://oregonflora.org/taxa/garden.php?taxon=4271

Availability	Scientific Name	Common Name	Height	Width	Light	Water	Flower	Characteristics	Link (OregonFlora)
N/A	<i>Corylus cornuta</i>	Hazelnut, Beaked	3-15 ft	3-15 ft	Sun, Part-shade	Moist	Late Winter, Catkins	Deciduous shrub with open, spreading, multistemmed trunks. Fruit is an acorn-like nut concealed by two husk-like bracts.	https://oregonflora.org/taxa/garden.php?taxon=4290
	<i>Gaultheria shallon</i>	Salal	1-5 ft	1-5 ft	Part shade to Full shade	Dry, Moist	Spring, Pinkish white	Small evergreen shrub with lustrous, dark green leaves and pinkish, showy flowers followed by edible purple berries. Its "berries" (actually swollen sepals) are edible raw and can be made into jams, preserves, and pies.	https://oregonflora.org/taxa/garden.php?taxon=5285
N/A	<i>Holodiscus discolor</i>	Oceanspray	8-10 ft	3-7 ft	Sun, Part-shade	Dry, Moist	Summer, creamy white	Broadleaf deciduous shrub with lobed leaves on drooping branches and cascading clusters of white flowers.	https://oregonflora.org/taxa/garden.php?taxon=5621
N/A	<i>Lonicera involucrata</i>	Twinberry, Black	8-10 ft	4-10 ft	Sun, Part-shade	Moist, Wet	Summer, yellow with red	Fast growing, broadleaf deciduous shrub, with pairs of tubular-shaped yellow flowers, followed by showy red bracts and twin purple berries.	https://oregonflora.org/taxa/garden.php?taxon=6245
	<i>Oemleria cerasiformis</i>	Indian Plum (Osoberry)	15 ft	5-10 ft	Sun, Part-shade	Dry, Moist	Spring, white	Early blooming deciduous shrub with almond-scented white flowers that hang in long, lovely clusters. Produces a bitter fruit. Spreads readily.	https://oregonflora.org/taxa/garden.php?taxon=6837
	<i>Philadelphus lewisii</i>	Mockorange, Lewis'	6-10 ft	4-10 ft	Sun, Part-shade	Dry, Moist	Spring, white	Low maintenance deciduous shrub that's great for borders, screens and hedges. Flowers have a heavy, sweet scent.	https://oregonflora.org/taxa/garden.php?taxon=7208
	<i>Physocarpus capitatus</i>	Ninebark, Pacific	8-12 ft	4-7 ft	Sun, Part-shade, Shade	Moist, Wet	Spring, white	Dense deciduous shrub with small maple-like leaves, bark that peels in many layers, and impressive glossy red seed pods.	https://oregonflora.org/taxa/garden.php?taxon=7279
N/A	<i>Rhododendron macrophyllum</i>	Rhododendron, Pacific	6-12 ft	6-12 ft	Sun, Part-shade	Moist, Wet	Spring, varies from pink to purple	Compact broadleaf evergreen shrub. Given time and right conditions, could become a small tree up to 25ft.	https://oregonflora.org/taxa/garden.php?taxon=7850
	<i>Ribes aureum</i>	Currant, Golden	6 ft	6 ft	Sun, Part-shade	Dry, Moist	Spring, yellow turning orange to violet with age	Low, deciduous shrub with edible berries. Drought tolerant and thornless.	https://oregonflora.org/taxa/index.php?taxon=7863
	<i>Ribes sanguineum</i>	Currant, Red-Flowering	4-10 ft	3-10 ft	Sun, Part-shade	Dry, Moist	Spring, red-pink	Deciduous multistemmed shrub that is easy to grow. Beautiful pink to red spring flowers and blue-black berries.	https://oregonflora.org/taxa/garden.php?taxon=7892
N/A	<i>Rosa gymnocarpa</i>	Rose, Baldhip	1-4 ft	1-4 ft	Sun, Part-shade, Shade	Dry, Moist	Late Spring-Summer, pink	Small deciduous shrub. One of few roses that can grow in shade.	https://oregonflora.org/taxa/garden.php?taxon=7929
	<i>Rosa nutkana</i>	Rose, Nootka	6-10 ft	3-4 ft	Sun, Part-shade, Shade	Dry, Moist	Spring, deep pink	Spindly deciduous shrub with the largest thorns and rosehips of the native roses.	https://oregonflora.org/taxa/garden.php?taxon=7933
	<i>Rosa pisocarpa</i>	Rose, Swamp	6 ft	2-3 ft	Sun, Part-shade	Moist, Wet	Summer, pink	Medium, thicket-forming deciduous shrub with small purple rosehips.	https://oregonflora.org/taxa/garden.php?taxon=7934
N/A	<i>Rubus leucodermis</i>	Raspberry, Blackcap	6 ft	1-2 ft	Sun, Part-shade, Shade	Dry, Moist	Spring, white-pink	Deciduous shrub-vine with arching or trailing round stems. Old stems are bluish. Red berries becoming purple to black.	https://oregonflora.org/taxa/garden.php?taxon=7954
N/A	<i>Rubus parviflorus</i>	Thimbleberry	4-6 ft	3-6 ft	Sun, Part-shade, Shade	Dry, Moist	Spring-Summer, white	Thornless, deciduous shrub with maple-shaped leaves that are finely fuzzy on both sides. Red raspberry-like soft berries.	https://oregonflora.org/taxa/garden.php?taxon=15545
	<i>Rubus spectabilis</i>	Salmonberry	4-12 ft	4-10 ft	Sun, Part-shade, Shade	Moist, Wet	Spring-Summer,	Thicket-forming, deciduous shrub with zigzagging twigs. Yellow to red berries.	https://oregonflora.org/taxa/garden.php?taxon=7962
N/A	<i>Sambucus cerulea</i>	Elderberry, Blue	10-25 ft	18 ft	Sun, Part-shade	Dry, Moist	Spring, white	Multi-stemmed, deciduous shrub or small tree with reddish to brown bark. Foliage has characteristic odor. *Don't eat berries raw.	https://oregonflora.org/taxa/index.php?taxon=8119

	<i>Sambucus racemosa</i>	Elderberry, Red	10-20 ft	6-10 ft	Sun, Part-shade	Moist, Wet	Spring, creamy white	Multi-stemmed, deciduous shrub or small tree with reddish to brown bark. Foliage has characteristic odour. Berries not edible.	https://oregonflora.org/taxa/index.php?taxon=8122
	<i>Spiraea douglasii</i>	Spiraea, Douglas	2-7 ft	3-7 ft	Sun, Part-shade	Moist, Wet	Summer, pink	Leggy, multi-branched deciduous shrub with complex, cone-shaped, flower clusters.	https://oregonflora.org/taxa/garden.php?taxon=8565
	<i>Symphoricarpos albus</i>	Snowberry, Common	3-6 ft	2-4 ft	Sun, Part-shade, Shade	Dry, Moist	Spring-Summer, white	Fine-twigged deciduous shrub. White berries that last all winter.	https://oregonflora.org/taxa/garden.php?taxon=8696
N/A	<i>Vaccinium ovatum</i>	Huckleberry, Evergreen	3-8 ft	3-6 ft	Sun, Part-shade, Shade	Moist	Spring, white	Compact evergreen shrub with glossy green foliage. Edible purplish to black berries.	https://oregonflora.org/taxa/garden.php?taxon=9018
N/A	<i>Vaccinium parvifolium</i>	Huckleberry, Red	4-10 ft	3-5 ft	Part shade, Shade	Moist	Spring, pink-white	Deciduous shrub with bright green, strongly angled stems. Bright red edible berries.	https://oregonflora.org/taxa/garden.php?taxon=9020
	PERENNIALS								
	<i>Achillea millefolium</i>	Yarrow, Western	2-3 ft	2 ft	Sun, Part-shade	Dry, Moist	Summer, white	Perennial herb with flat clusters of flowers throughout the summer and soft, feathery aromatic foliage.	https://oregonflora.org/taxa/index.php?taxon=2414
	<i>Adiantum pedatum</i>	Fern, Maidenhair	1.5-2 ft	1-2.5 ft	Sun, Part-shade	Moist, Wet		Deciduous fern with delicate, glossy hair-like leaf stalks on dark stems.	https://oregonflora.org/taxa/garden.php?taxon=2458
N/A	<i>Anaphalis margaritacea</i>	Pearly Everlasting	1-3 ft	1-2 ft	Sun, Part-shade	Dry, Moist	Summer-fall, white	Silvery plant with narrow leaves. Dense white and yellow-centered flowers.	https://oregonflora.org/taxa/garden.php?taxon=2738
	<i>Aquilegia formosa</i>	Red Columbine	3 ft	1-2 ft	Sun, Part-shade	Moist	Summer, red-yellow	Attractive red and yellow wildflower. Simple stem with arching blooms.	https://oregonflora.org/taxa/garden.php?taxon=2835
N/A	<i>Aruncus dioicus</i>	Goatsbeard	3-6 ft	3-5 ft	Part-shade, Shade	Moist, Seasonally Wet	Spring-Summer, white	Tall perennial with attractive fern-like foliage. Feathery plumes are creamy white.	https://oregonflora.org/taxa/garden.php?taxon=3008
N/A	<i>Asarum caudatum</i>	Wild Ginger	6 in	3 ft	Part-shade, Shade	Moist	Spring, maroon	Groundcover with unique maroon flowers hidden under heart-shaped, glossy leaves.	https://oregonflora.org/taxa/garden.php?taxon=3011
N/A	<i>Asclepias fascicularis</i>	Milkweed, Narrow Leaf	3 ft	1 ft	Sun	Dry, Moist	Summer-Fall, lavender-white	Thin stems with narrow, dark green leaves. Smaller than showy milkweed.	https://oregonflora.org/taxa/garden.php?taxon=3018
	<i>Asclepias speciosa</i>	Milkweed, Showy	3 ft	1-2 ft	Sun	Dry, Moist	Spring-Summer, white-pink	Upright perennial with large, gray-green leaves and clusters of white-pink, fragrant flowers. Monarch butterfly host plant.	https://oregonflora.org/taxa/garden.php?taxon=3021
	<i>Athyrium filix-femina</i>	Fern, Lady	4 ft	2 ft	Sun, Part-shade, Shade	Moist, Seasonally Wet		Upright, graceful fern with fine-textured, light green, lacy fronds on stalks that can be green to purple or red.	https://oregonflora.org/taxa/garden.php?taxon=3178
N/A	<i>Blechnum spicant</i>	Fern, Deer	1-3 ft	2 ft	Part-shade, Shade	Moist, Seasonally Wet		Delicate ornamental fern that is best in moist shade.	https://oregonflora.org/taxa/garden.php?taxon=8665
N/A	<i>Camassia quamash</i>	Camas	1-2.5 ft	6-12 in	Sun, Part-shade	Dry, Moist	Spring, blue	Spring blooming bulb with spikes of striking, pale to deep blue star flowers on tall stems.	https://oregonflora.org/taxa/garden.php?taxon=3549
N/A	<i>Carex aperta</i>	Sedge, Columbia							https://oregonflora.org/taxa/index.php?taxon=3618
N/A	<i>Carex deweyana</i>	Sedge, Dewey's							
	<i>Carex obnupta / all</i>	Sedge, Slough	2 ft	1 ft	Sun, Part-shade	Perennially Wet		Dense swards of slough sedge provides erosion control and streambank stabilization.	https://oregonflora.org/taxa/garden.php?taxon=3749
	<i>Carex utriculata</i>	Sedge, NW Territory

	<i>Dicentra formosa</i>	Pacific Bleeding Heart	1-1.5 ft	1.5-2 ft	Part-shade, Shade	Moist	Spring, pink	Perennial with delicate, deeply-cut foliage, pendant jewel-like pale to dark pink flowers in spring.	https://oregonflora.org/taxa/garden.php?taxon=4546
N/A	<i>Epilobium angustifolium</i>	Fireweed	6 ft	1 ft	Sun	Dry, Moist	Summer, pink	Tall perennial. Pink spiked flowers. Spread vigorously by seed.	https://oregonflora.org/taxa/garden.php?taxon=15145
N/A	<i>Eriophyllum lanatum</i>	Oregon Sunshine	1-2 ft	3 ft	Sun	Dry	Spring-Summer,	Low-growing perennial with green-silvery foliage and small leaves in rosettes. Bright yellow daisy-like flowers.	https://oregonflora.org/taxa/garden.php?taxon=5010
N/A	<i>Fragaria chiloensis</i>	Strawberry, Coastal	4 in	3 ft	Sun, Part-shade	Dry, Moist	Spring-Summer, white	Spreading evergreen groundcover. Good option for lawn substitute, stabilizing slopes, or just growing strawberries.	https://oregonflora.org/taxa/garden.php?taxon=5198
	<i>Fragaria vesca</i>	Strawberry, Woodland	6 in	1 ft	Sun, Part-shade	Dry, Moist	Spring, white	Perennial understory groundcover. Best wild strawberry for shade.	https://oregonflora.org/taxa/garden.php?taxon=5202
N/A	<i>Gaillardia aristata</i>	Blanketflower	1-2 ft	1-2 ft	Sun, Part-shade	Dry, Moist	Summer, yellow/red	Perennial wildflower with bright cheery multi-colored flowers.	https://oregonflora.org/taxa/garden.php?taxon=5234
	<i>Geum macrophyllum</i>	Avens, Large-leaf (Oregon)	1-3 ft	2 ft	Sun, Part-shade	Moist	Spring-Summer,	Clump-forming, upright perennial with basal leaves. Small yellow flowers.	https://oregonflora.org/taxa/garden.php?taxon=5341
N/A	<i>Geranium oreganum</i>	Geranium, Western	10 in	4-40 in	Sun, Part-shade	Dry, Moist	Spring-Summer, rose	Perennial groundcover for moist meadows or partly shaded forest areas.	https://oregonflora.org/taxa/garden.php?taxon=5329
N/A	<i>Grindelia integrifolia</i>	Gumweed	8-40 in	12-24 in	Sun, Part-shade	Moist	Summer-Fall, yellow	Perennial wildflower is a sunflower relative that provides an abundance of reliable, nectar-rich flowers beginning in late summer.	https://oregonflora.org/taxa/index.php?taxon=5435
	<i>Helenium autumnale</i>	Helen's Flower	3-5 ft	2-3 ft	Sun	Moist, Wet	Summer-Fall, yellow	Perennial. A fall bloomer, Helen's bright flowers are abundant when many others are done.	https://oregonflora.org/taxa/index.php?taxon=5515
	<i>Iris tenax</i>	Iris, Oregon	1-2 ft	1-2 ft	Sun, Part-shade	Dry, Moist	Spring, Lavender blue-purple	Oregon iris blooms are beautiful, as well as an important source of pollen and nectar for late spring bees, hummingbirds, and butterflies.	https://oregonflora.org/taxa/garden.php?taxon=5747
N/A	<i>Iris sp. (Pacific Coast X)</i>	Iris, Pacific Coast	1-2 ft	1-2 ft	Sun, Part-shade	Dry, Moist	Spring, mixed colors	Similar to Oregon iris but a result of cross-pollination and can come in a variety of colors.	
	<i>Juncus patens</i>	Spreading Rush	1-2 ft	1.5-3 ft	Sun	Moist, Wet	Summer, brown	Groundcover with upright evergreen grass-like plant that forms dense clumps.	https://oregonflora.org/taxa/garden.php?taxon=5838
	<i>Koeleria macrantha</i>	Prairie June Grass	1-2 ft	3-4 ft	Sun	Dry	Summer, yellow	Perennial grass. Forms attractive clumps with pale green to purplish spikelets.	https://oregonflora.org/taxa/garden.php?taxon=5887
	<i>Lupinus polyphyllus</i>	Lupine, Broadleaf	4 ft	2-3 ft	Sun, Part-shade	Moist, Seasonally Wet	Summer, purple-blue	Perennial with large flowering crown. Flower colors range from white-pink to purplish-blue.	https://oregonflora.org/taxa/garden.php?taxon=6347
N/A	<i>Lupinus rivularis</i>	Lupine, Streambank	3 ft	1-2 ft	Sun, Part-shade	Moist	Spring-summer, purple	Perennial with purple flowers from spring to summer. Great for rain gardens. Pleasant scent.	https://oregonflora.org/taxa/garden.php?taxon=6351
	<i>Maianthemum racemosum</i>	False Solomon's Seal	1-2 ft	1 ft	Part-shade, Shade	Moist	Spring, white	Clump-forming perennial that is great for woodland gardens. Adorable flowers that turn into red berries.	https://oregonflora.org/taxa/garden.php?taxon=6451
	<i>Maianthemum stellatum</i>	Starry False Solomon's Seal	3 in	1-2 ft	Part-Shade, Shade	Dry, Moist	Spring, white	Groundcover in wooded or shade gardens with arching stems, narrow leaves, and dainty star-shaped white flowers in spring.	https://oregonflora.org/taxa/garden.php?taxon=6452
	<i>Oxalis oregana</i>	Oregon Oxalis	6-8 in	2-3 ft	Part-shade, Shade	Moist	Spring-Summer, white	A short perennial plant with erect flowering stems and bright green, heart-shaped leaves.	https://oregonflora.org/taxa/garden.php?taxon=6949
N/A	<i>Polypodium glycyrrhiza</i>	Fern, Licorice	6-12 in	1 ft	Part-shade, Shade	Moist		Semi-evergreen fern with edible roots that taste like licorice.	https://oregonflora.org/taxa/garden.php?taxon=7540
	<i>Polystichum munitum</i>	Fern, Sword	2-5 ft	2-4 ft	Part-shade, Shade	Dry, Moist		Large, hearty evergreen fern. Found in understory of moist coniferous forests at low elevations.	https://oregonflora.org/taxa/garden.php?taxon=7561
